

Fall City Learning Garden and P-Patch

A gardening spot to learn and grow—letusgarden.org

HANDS-ON HUGELKULTUR WORKSHOP

Come, learn, and practice sustainable edible garden methods with us!

Learn one of Permaculture's favorite soil building techniques while helping us build a planting mound using scrap wood, green prunings, and soil.

IMPROVE YOUR SOIL

Increase your soil's fertility and water holding capacity

Photo courtesy of Rosa Say

*Bury your scrap wood
instead of burning it!*

Sunday April 10

2 to 4 pm

*Workshops are FREE to all,
donations welcome*

The Fall City Learning Garden is located in the center of Fall City, behind the Masonic Hall at 4304 337th Pl. SE.

Garden access is from the alley behind the Masonic Hall

*Dress appropriately for garden work in variable spring weather! We'll work in light rain, heavy rain will cancel.
Visit us at <http://letusgarden.org> or on [Facebook.com/FallCityLearningGardenandPPatch](https://www.facebook.com/FallCityLearningGardenandPPatch) for updates & garden news*
